

Advice on car sharing during COVID-19

As a car is a confined space and it is difficult to social distance, please only car share if you have no safer alternative to get to work. If you do need to car share though, follow these simple rules to ensure you remain safe.

Use sanitiser

Before and after your journey

Wash your hands properly with soap and water as soon as you can.

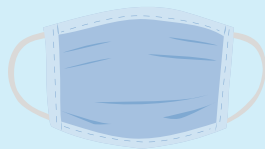

Windows open

To allow air to circulate

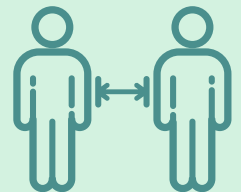

Wear a mask

Ensure everyone in the car is wearing a face covering

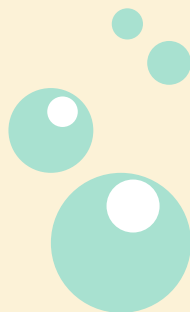

Keep a safe distance

Sit as far away as possible from other passengers

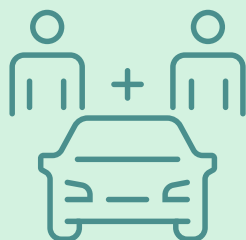

Share with the same person

Try not to car share with different people each time

Limit numbers in car

Wherever possible, limit the number of people in the car to 2 so you can better distance

Clean surfaces after journey

Use antibacterial wipes or sprays to clean any touched surfaces such as seat belts or handles.
